## K.L.M. ANNOUNCE NEW

 ARUBA-TRINIDAD SCHEDULEThe trial of Dr. Dalip Singh, at some place unknown, murdered Trinidad medical practitioner, on a charge of murdering his wife began before a judge and jury in the Port-of-Spain Supreme Court this week. (The dead body of Mrs. Singh was found floating in a bag by a clump of bamboos at Freeman's Bay on April 8th last. Examination of the dead body showed it to be slit at the throat and abdomen, and in the bag the body was tied up with the hands across the chest and the feet drawn up under the chin.) Mrs. Singh was a German girl whom Dr. Singh had met in England in 1948 while he was a medical student. They went to Trinidad later and were married.
The case for the prosecution was based on the following nine points:
(1) That bad relationship existed in fact between the Singhs;
(2) That he desired to get rid of her and he was not above illtreatment of her;
(3) That he stooped to suborn a witness to perjury in regard to evidence to support his petition to divorce her;
(4) That either way you look at it, he was the last person with whom she was seen alive;
(5) That he had the necessary qualification to open the body and cieal with it in the way it was opened and dealt with;
(6) That in the interval between leaving the flat on the night of April 6 and 11 o'elock that night. when he returned, he had enough time to do what he had to do and get back home;
(7) That he had access to the coloured cord or band with which she was tied (her body was found tied into a ball and bound with coloured cord similar to a band which Mrs. Singh wore and white cord like that which Dr. Singh used to tie his instruments)
(8) That he denied his wife's boody and the gold tooth in her mouth-because he did not want her body to be identified;
(9) That he wrote an anonymous letter (to Supt. Slater) to mous totter torn suspicion away from himself-"because he was the guilty party."
The Crown alleges that, under these circumstances, Dr. Singh,
his wife on April 6 this year. Strong incriminating evidence was given by Dr. Russell Barrow, District Medical Officer of Siparia, who stated that the examination of the dead body showed the intestines to be missing and that the whole surgical operation was

## M.S. "ANTLLAA" IN SURVICE

A long cherished desire of the people of the Netherlands Antilles for better sea communication between the Windward Islands was fulfilled this week with the arrival of the in.s. "ANTILIA" at Curacao last Sunday at about 3 P.M. The trip to Curacao from Holland, where the ship was built for the Government of the Netherlands Antilles, was made in appreciably faster time than anticipated, which augurs' well for the ship's Which augurs well for the ship
achievements in actual service.

The management of the vessel, the firm of Prospero Baiz \& Co. of Curacao, eager to start operations, lost no time in dispatching ations, lost no time in dispatching
the ship on its business voysge the ship on its business voysge
No. 1, and eariy on Wednesday the ship arrived at Oranjestad first port of call on her initial duty trip. Aboard were His Excellency the Governor of tie Netherlands Antilles and his wife. The Lt-Governor of Aruba and other officials were present at the wharf to welcome the ship and its distinguished passengers.
A number of interested persons visited the ship during the day, and in the evening more than a
thousand persons were on the wharf to get a view of the new vessel.
The "Antilia" is a 500 ton motor vessel under the command of Captain C. H. Mulder (formerly of the C.S.M., subsidiary of C.P.I.M.) She carries a crew of 17 . There is accommodation for 72 passengers, accommodation for dided into First Class and Tortdivided into First Class and Tou-
rist Classes A and B . The ship rist Classes $A$ and $B$. The ship
can earry 40 tons of cold storage and more than 800 tons of freight. Although by no means a super liner the vessel is large enough for the service for which it is intended, and cabin accommodation appears to be excellent.

The "Antilia" lefit Aruba on Thurstay for Bonaire, St. Maarten, Saba, St. Eustatius and St. Kitts. The ship is expected to return to Aruba on November 12th It is also expected that in the near future the vessel will include in her itinerary Barbados, Trinidad, Santa Domingo and British Guiana.

Local agents for the " Antilia" are the firm of Carlos Wolter of Oranjestad.

## GOVERNOR OF CURACAO

 ON VISITHIS EXCELLENCY the Governor of the Netherlands Antilles arrived in Aruba last Wednesday on the m.s. "Antilia" for a short, official visit. He was accompanied by his wife and an aide-de-campe. Present on the whar to meet the distinguished visitors were His Honor the LE-Governor of Aruba, the Chief of Police, and the Commander of the Marines. A guard of honor of Marines was also present for the occasion.
During his stay here His Excellency has had discussions with local political leaders and Government officials, attended a meeting of the Administrative Council and paid a visit to the Lago. Today he is scheduled to make a tour of the island, visiting especially those places damaged by the recent heavy rains.
His Excellency will return to Curacao by air on Monday.

## Is Lago. Dealing in Politics?

Is Lago dealing in politics? This is the question being asked around in and outside of Lago A few weeks back the LEC, re presenting all staff and regular prones submitted an agenda with a few items, among them a request for a general increase.

The meeting was subsequently called on October 14 and continued through the 15 th. On the 15 th e issue of the general increase the issue of the genal to the was discussed, a subject to the general interest of about $6000 \mathrm{em}-$ ployees. After about two hours debate, the company decided to take the request into considera tion. The LEC requested management to discuss the matter within 1 week at least from the date on which the proposal was made Management asked for more time, due to the fact that Mr. Mingus was away and also that certain formation could not be released nfor is consent The IEC wh was made to understand that Mr. Mingus will be back on the 31st of October and the Company Representatives committed themselves that they will be prepared to meet with the Council the first week of November, about Nov. 4. The LEC agreed to this. On Nov 1, the officers of the Council were called by Mr. Smith, Chairman of the Company Representatives on , Mr Smith said, among the thing that the company other things, that " company was advised by a "certain" group of employees, also by a certain "outside delegation", that a postponement of the discussion of the general increase issue is necessary. He stated that the reason for postponement is that the company wishes to maintain strict neutrality on political matters and also not to get involved in politics, and since this request has tis, a political atmosphere, the caised a poen't consider the company does thetime opportune to carry out negotiations on the subject. I told Mr. Smith that I could not agree with this proposal to postpone the request. I said that I couldn't possibly see any reason whatsoever that this request had anything to do with politics at all. I advised Mr. Smith that if the company took such an alternative, it would mean that Lago would really be involved in politics since there would be additional commerts from sides. Referring to ments "outside seles. Ref", I told the "outside delegation", I told Mr. Smith that I could mention names of 3 "prominent Lago employees" that happened to be in』 meeting one night in Trocadero

I also made it clear that I would be sorry if Lago received criticism in this respect, but should anything of this nature occur, the company slonid not hold me responsible. It could also be stated that the L.E.C. held a caucus and deliberated on this request of management for postponement of the discussions. The Council decided that they were not in favour of rostponing the item for any political reasons. Mr Smith was advised of the Couniils decion and he furthor stat cil's decis, ed thl postponement.

The reason for this article is that I have been forced to clear myself and the Council's position in this matter, since the request for genoral increase was purely a Council's proposal and had no connection with outside polities.

L.E.C.-President.

Below is the text of Lago's announcement on the postponement:
It has come to the attention of Mrnagement that the L.E.C. request for a general wage adjustment is being made a political campaign issue in the election for campaign issue in the ele

The Company wishes to maintain its position of strict neutrality on all political matters. It is not considered possible to carry out negotiations on a subject of this type when the matter has assumed political importance and the atmosphere is charged with strong political feelings.

The L.E.C. has therefore been advised that further discussions of the general adjustment will be postponed until a mutually agreeable date after the election, when discussions of this item will be resumed.

In the interim, all other Council business will be carried on in the normal manner

## 'BOY' ECURY CEREMONY TODAY

Ten years ago an Aruban lad studying in Holland was seized and executed by the Germans. The youth was "Boy" Ecury, whose remains were brought back to Aruba and buried in his native soil.
Segundo Jorge Adelberto (Boy) Ecury, son of Mr. \& Mrs. S. N. Ecury, was born on April 23, 1922. After initial schooling here he went to Holland in 1937 to continue his studies. With the German occupation of Holland during World War II he became an active member of the Underground Movement and displayed great courage.

In July 1944, while on an important mission to Rotterdam, he was caught by the Germans and shot on November 6th. For his devotion and sacrifice he was posthumously awarded knighthood in the Netherlands highest Order the Military Order of William. A statue in his honor stands on the Klip in Oranjestad.

Homage will be paid to the hero Homage will be paid to the hero his death, in a ceremony to take place at the location of his statue.

## CUROM IN NEW STUDIO

Saturday, October 30 , was a memorable day for the CUROM (Curacao Broadcasting Station) as she moved into new quarters located at the Waaigat (in the same building which houses the Post Office). The CUROM thus took possession of a brand new up-to-date studio which has better facilities, permits better programming and has greatly improved accoustics. (Some improvement in the broadcasts was also noticeable in Aruba).
To celebrate the event CUROM had organized a special program during which speeches were made by prominent government and other officials; the program also included entertainment of high cultural value.
To the CUROM: Congratulations.

## POETRY BROADCAST

"VOZ DI ARUBA" broke new ground last Sunday when they presented a program of poetry reading and commentary by readis and artary by lement Celaire, script writer and broadcaster attached to the station. The program was certainly "aesthetic" in its nature and no doubt gave pleasure to those who enjoy literature and the fine arts.,
Mr. Celaire chose for his subject the American poet ROBERT FROST. The commentator chose three poems which showed Frost's interest in the everyday things of life, his keen sense of observation and his sly humor.
"Mending Wall" showed the poet's shocked amazement at the stone barriers which some persons erect against their neighbors but which to him are senseless and unnecessary. But Frost says: ,,Before I built a wall I'd ask to know, What I was walling in or walling out.'

But, different men, different minds! His neighbor believes: "Good fences make good neighbors!"
In "Departmental" (sub-titled "My Ant Jerry") the post comments on the busy industry of the ant (just as Shakespeare) extolled the honey bee). Frost writes:
"Ants are a curious race
One crossing with hurried tread The body of one of their dead Tsn't rive a ofters Isn't given a moment's arrest Seems not even impressed. But he no doubt reports
To the higher up at court."
What a clever way of putting it, for who has not at some time wondered what one ant seemed to be saying to another he met while traveling in opposite directions, commuting for a moment as it were?
Mr. Celaire is to be complimented for introducing such a feature in local broadcasting, and it is hoped that such programs will be a regular item of local fare.

CHILD SLAIN CELEBRATING HALLOWEEN

Karen Mauk
Childish games of playing Hailoween trick-or-treat with neighbors ended early Friday last week in the suffocation murder of prety 6 -year-old Karen Mauk.
Police Chief Fesko of nearby Conemaugh - Karen's home town issued orders for questioning of all known sex degenerates in the area. He termed the death the "work of a sex maniac."
The child's nude and bruised body was found shortly after midnight in the ghostiy surroundings of a graveyard two miles from her home. A bag of candy and an apple lay near her clutched hand.
An autospy report issued by Coroner Joseph Govekar said Karen "was strangled with clothes or some bulky object." He said the autospy showed no evidence of criminal assault.
The blonde-haired child, a first grader in Conemaugh public school, left her home about 7 p.m. Thursday. She told her parents, Mr. and Mrs. William Mauk, she wanted to join playmates for Halloween.
The mother said the child wore a white falseface and a paper hat.

The hat is a clue in the slaying The crumpled hat was found in an alley garage near the child's home shortly after Mrs. Mauk reported her daughter misisng at 9 p.m. The falseface hasn't been found.
Chief Fesko said a 14 -year-old Conemaugh high school girl reported that a man tried to attack her two blocks from Karen's home. The report was made before Karen's body was found.

IN 'PARADISE' THEY NEVER
HAVE FIGHTS
By Jack Comben
I have juct done something that some people dream of doing some day or other. I have been to paradise.
It is called "Primavera", which is Spanish for "Spring". But what's in a name? For the 700 men, women and children who live there it is paradise
These 700 , of whom neariy 300 are British, are all members of the society of Brothers, or Hutterites. They are a group of people trying the experiment of communal life on a practical Christian basis

Their name comes from their founder, Huter, who started the idea in Germany in 1533. This particular group originated in Sannesz, Germany, in 1920.

## 20,000 Acres

When the Nazis came to power they fled, first to Holland, then to England, where they set up a centre at Ashton Keynes, Wiltshire. In 1941 they moved to Paraguay. The society became the owner of 20,000 acres of Paraguayan wilderness at a cost of about a shilling an acre.

A light plane flew me in to Primavera.
There are three villages, Loma Jhoby, Isla Margarita, and Ibate,

each with an English doctor Brother Cyril-Dr. Cyril Davis of Cheitenham and Cardiff-is at Loma Jhoby. Sister Ruth Land and Margaret Stern both of London, look after the sick in the other two.
They also heal Paraguayans and Indians over an area of two days' horse ride from their settlement. Patients pay when they can; if they can't, it doesn't matter.
At Primavera I found modern sanitation, electric light, heating, hospital, bakery washing machines... and a host of other modern equipment. Everything has been dragged up there by oxen.
They grow every kind of crop. In the workshops they make beautifully designed wooden bowls, book-ends and ornaments which are sold at their shop in Asuncion.

Families retain their independence. But no one owns anything. Everything is thrown into the
common pool-money, property, work, ideas.

There aren't many rules and regulations and no one "gives orders". The man who cleans the streets is just as important as the envoys they send all over the world to spread their idea of "share and share alike".
The brothers smoke and drink if they want to. In all their 13 years here there has never been a fight..

Children are encouraged, when they are about 18, to go out into the outside world for a few years. Ninety-five per cent return to the settlement.
Religion, as such, is nonexistent. You get all creeds and all races.
I have never seen happier or healthier children.
As they grow up they have the chance of training for any profession or any technical job to which they appear suited.
Yes, this is paradise in the wilderness.

## CHESTERFIELD CAPTURES

SECOND CONSECUTIVE L.S.P. "A" CHAMPIONSHIP
Camel "B" Runners-up
As a result of Chesterfield's victory over Heineken's "B" last Sunday morning, and Camel "B's" triumph over St. Louis Boys in the afternoon, Chesterfield became the 1954 L.S.P. "A" League Champions and Camel "B" the Sub-Champs.
It is tentatively planned to a ward trophies and prizes to the A, B and Jrs. winners, tomorrow afternoon after the game between Lagó All Stars and Lucky Strike of Curacao.
It is rumored that this was Chesterfield's last year in the L. S.P. League. They plan to enter the ABBA competition next year. W. Bailey, formerly with the ,,A" champs and presently playing "AA" ball for Sears, will return to do the catching for Chester-field-the team he originally played for. Octavio van Heyningen, also one of Chesterfield's former players, also informed his present club, Heineken's, that he will not play for the Brewers next year. He is returning to the Smokers. There are more rumors going around that Sonny Baptiste, Dodgers Ace hurler, and "Polo" Laveist, Heineken's Coach, will rejoin Chesterfield next year.
The Local wishes to extend its congrats to the Chesterfield and Camel baseball clubs for their outstanding performances this year.
L.S.P. "A" LEAGUE SELECTION WILL FINALLY PLAY CURACAO'S LUCKY STRIKE TONIGHT
After several postponements, the game between Lucky Strike of Curacao and the L.S.P. "A" selection, will take place tonight. The game is slated to start at 8.00 o'clock at the L.S.P. Polo Laveist and Harry Legrand will be Manager and Coach respectively.
The second appearance of Lucky Strike will be in a match against a Lago All Star team tomorrow afternoon at the Lago Sport Park, starting at 2.00 o'clock. Polo and Harry will also boss the Lago team.
It is expected that these games will draw a very large crowd.

SHAH'S BROTHER KILLED IN PLANE CRASH
Teheran - The Irianian Court an nounced on Tuesday that the body of Prince Ali Reza, the Shah's brother, had been found near the wreckage of his aircraft in mountainous country about 36 miles northeast of Teheran.
The 32-year-old Prince had been missing since late Wednesday last week on a flight in his private plane to the Iranian capital from North Iran, near the Soviet border.

Palace sources said the other two occupants of the 'plane-the Prince's private pilot, Major Amin Pour, and a sick peasant Prince Ali Reza was bringing to Teheran for treatment-also were killed in the crash.
The wreckage and the three bodies nearby were found by soldiers patrolling in the area, near Dehbala.

 BABY MIX-UPLondon - Two young mothers decided this week the doctors were right-a hospital had mixed up their baby sons five weeks ago, giving each the other's child.

Mrs. Vera Bowers, 22, and Mrs. Sheila Read, 24; agreed to make permanent the trial baby switch they had arranged for a 24 -hour period.
"Both Sheila and I feel as if a ton weight had been! lifted from our shoulders", Mirs. Bowers told a reporter.
"We thought the babies might not take to us, but they are as happy as can be."
"Thank God, our days of uncertainty are over," said Mrs. Read.

The two families plan a joint christening at which their son will trade names. Baby John, the one Mrs. Bowers got by mistake, will become Kenneth, the name his own parents picked for their son.
Baby Kenneth, so named by the Reads, will become John.

## SUICIDE LEADS TO STRIKE

Jerusalem - The case of a Jerusalem baker who committed suicide because of high taxes touched off a shopkeepers' strike throughout the country this week

Forty thousand restaurants, shops and cafes closed for up to four hours in protest against "the heavy income tax burden" and the methods of tax collectors.

The strike came 30 days after the suicide of Israel Sinai, who left a letter complaining that tax officials were "robbing" him.

After Sinai's death the Israel Government appointeds a special investigation committee. It cleared tax officials of responsibility for his death but recommended changes in the assessment system.

## THE LADIES SOTBALL <br> COMPETITON IS CURRENT ATtRACTION

The Lago Sport Park Girl's Softball Competition got under way last Tuesday night in a grand style with (last year's runner-up) "Queen Anne" meeting the ever dañgerous "Tropical" in a fight for supremacy. Due to unforeseen circumstances, your "LOCAL" reporter was unable to give you a full account of this exciting game which ended 12 to 6 in favor of the "Queens". Agie Lejuez, one of the top lady softball pitchers of the Island, was Queen Anne's of the is on the mound, while champion on the mound, while another ace hurler Marline New

Winning this game was such a boost to the "Queens" morale that they are now assuring their fans that they will be the champs this year. Whether they can do this is a question they will have to settle with Oranjestad's "Aruba Jrs" and the "Oranjestad Store"; but they certainly prove last week they can hit that ball by blasting Marline Newton's pitches all over the place. "The Queens" Lititia Arindell (though apparently too nervous for a shortstop position) collected a triple and two doubles for the "Queens".

In the other game of last week, "Golden Rock" and "La Portena" had a scoring spree, with the "Rocks" finishing on top by five runs. This game went only five innings, but "Golden Rock" managed to score 21 times to gain the victory, while "La Portena" "only" made the rounds 16 times.

The Lago Sport Park which is becoming more than ever the centre of attraction to the sport loving fans of the Island, will be more so these coming weeks. The reason? Well, go out there Tuesday night and see for yourself.

## ARUBA JUNIORS WINS <br> THRILLER FROM ORANJESTAD STORE 8 TO 5

The Lago Sport Park Ladies Softball competition out to set an attendance record at the Park, drew over a thousand spectators last Tuesday night to see Oranjestad's "Aruba Jrs." and "Oranjestad Store" battle for honors.

The Aruba Jrs. batting appeared shaky but their fielding far excelled the "Aruba Store's" who committed 10 costly fumbles compared to the Juniors 3.
E. Hernandez opened for the Juniors in the first with a single but was forced into a double play by Evelin Rodriguez' liner in the hands of the first baseman. N. Richardson followed and was called out on strike for the 3rd out.

It was a different story however, in inning No. 2, when C. Richardson opened with the Juniors second single, stole second, advanced to second on H. Williams fielders choice and scored on Zievinger's long fly to left field advanced to second on H. Williams fieIders choice \& iscored on Dirkz's error and owhile stealing

The Aruba Store now trailing by 3 runs in the bottom of the 3rd, sent C. Orman to bat. Orman singled and was followed by C. Dirkz who drew a walk and E. Tromp who drove in both runners with a sharp single to left field. Tromp advanced to second on a drop throw by the firstbaseman, and scored on a wild throw to 3rd by the Aruba Juniors catcher.

The Aruba Store scored 3 times in this inning to take the lead 3 to 2.

The Aruba Jrs. not to be outdone, scored again in the 3rd to even the score on an error, a bunt single by Zievinger and a rolling to first by Edna Rodriguez. They scored twice again in the top of the fifth to recapture the lead. Fut the powerful Oranjestad Store sluggers came back in the Store sluggers came back in the sixth to score two more runs off a 3 bagger by Grecelia Maduro who scored on a single by $S$. Dirkz. C. Orman on first on a field ers choice! advanced to second on an error by Williams, took third on C. Dirkz's hit and was batted in by E. Tromp's single, to tie the score up again.

It looked like extra innings would be necessary to complete this game, but the "Juniors" scored 3 more times in the top of the seventh on a single, two errors and a home run by S. Westerburger to bring their total to 8 runs. The Oranjestad Store fail-
ed to come up with any runs in the bottom of the 7 th so the score remained 8 to 5 in favor of the Juniors.

"OBSERVER"
"THE LONDON DOCK STRIKE" THE LONDON DOCK STRIKE which recently saw over 40,000 British waterfront workers stop work for nearly a month over a relatively simple matter came to an end this week as the men resumed work on Monday last. They had gone on strike because of the view that overtime should be VOLUNTARY and not compulsory, and they were adamant in -their refusal to work until this matter was settled, apparently to their satisfaction. A request to go back to work and have the matter discussed brought a firm rejection.
Now that the question has been settled that overtime must be voluntary, the Union leaders who called the strike have asked the men to put in "all the overtime possible" to clear up the backlog of accumulated ships (over 300 of them) and busting warehouses. What an anomaly!

The matter would be comic if it did not have such serious involvements. First, a country that has had to struggle so hard since the war to regain economic stability can hardly afford so want only to hold up its exports, tie up ships, halt its trade, and in general disrupt the economic life of the country.
But more serious is the impression given the non-democratic countries which are so often derided and condemned by the proudly democratic - Britain included. How they must have chuckled at the unruliness and chaos prevailing. When a democratic nation is going to behave in the manner of the British dockers over the past month there is little to be proud about. Not the idea of democracy is bad; not by any means! But where a sense of reason and responbility is so blatantly lacking it just makes one sit up and wonder.
At any rate, no one can imagine such a senseless, prolonged strike occuring in a "non-democratic" country!

Commission's Report on B. G. $^{\text {a }}$

## Released

Big topic of interest and discussion in London and the West Indies this week was the report of the Commission which was sent to British Guiana earlier this year following the suspension of the Constitution by the British Govermment. The Constitution had been suspended because of the subversive zctivities of the P.P.P. the party in power, under the leadenship of Dr. Cheddi Jagan.
In cheir report the Commission cleariy stated that some of the $P$. P.P. Ieaders were Communistmindel and sought to establish a marcin to self-government by radical changes rather than by gradual progress. The Commission commented unfavorably on the disrespectful regard of the leaders toward the British Throne and Sovercign, their hasty enactment of legistation which suited their purpose, and the absence of anything worth while accomplished during the party's four months in power. Under the circumstances they considered the suspension of the Constitution justified, and recommend a period of "MARKING TTME" before a free Constitution is again made available to British Guiana, since their investigations showed the P.P.P. to be still popular with the masses, and an election on the basis of the last would doubtless have the isame results. While stressing the need for economic and social development in the colony, the Commission's most important recommendation is this period of "marking time".

The British Government has accepted the Commission's report, but feel that the period of "marking time" with the present wholly elected Interim Government should have some definite period, and have consequently set it at a fouryear period beginning from the first of this year. Thus, the elected Interim Government is expected to remain until the end of 1958.

CANADIAN HOTEL REFUSES BARBADOS FREMIER
The Hon. Grantley H. Adams, Premier of Barbados, was refused admission to the Windsor Hotel, Montreal, Canada, recently. The incident, it is understood, occurred while the Premier was returning from London, where he had attended recent talks on financing the Deep Water Harbour Scheme for the island.

Protests are being lodged officially in London and Canada against the refusal of the hotel to admit the Barbados statesman. It is understood that Mr. Adams, Mr. E. S. S. Burrowes, the Financial Secretary of Barbados, and three others, arrived at the Windsor Hotel about 2.45 in the morning, and signed their cards. Mr. Adams, who had not been booked at the Windsor, was refused admission.

## No "Altermate" for

 ChandThe following announcement has been submitted by Mr. B. K. Chand for publication in this paper:

Nov. 1, 1954 To all my co-workers and constituents at Lago:
As you know, election for members to the Lago Employee Council will be conducted by the Company early December this year. The present Council has a member ship of 5 Nationals and 3 NonNationals, but with the decrease of the employees in the NonNational group, the latest statistics available disclosed a ratio of 6 Nationals and 2 Non-Nationals -to constitute the Council, as a result of this 4 National seats will be contested while there will be no seats to be contested for NonNationals. However, the Council and the Company have agreed to run an election for alternates from among ; the Non-National group, and I have already indicated to the Nominating Committee of my intentions not to stand for election as an alternate. I wish to comment briefly on my decision not to stand for election as an alternate L.E.C. member. For a number of years and with many sacrifices I have served employees of the company faithrully and to the best of my ability as an employee representative, and during the course of those years I have very often served as chairman. I want to serve employees only so long as I have the complete confidence of a large majority as an elected representative and not as an alternate, as it has always been my desire to serve 100 percent or not at all. I also want to serve providing the best interest of the group and the employees (National and Non-National) as a whole can be served. In conclusion I wish to thank all those who have cooperated with me since the time of my election as an employee representative and which has been unbroken since 1943 and last but not least representatives of the Industrial Relations Dept. such as Messrs. Eagan, Demmen and Brathwaite with whom I had continuous dealings, also my brothers on the Council as well as the District Representatives. I thank you once more for the confidence which you placed in me for the number of years I served as a representative and assure you of my willingness to continue to serve you as an elected representative if and when the occasion arises when a seat is available.

Very truly yours,
B. K CHAND

The incisions on the body were mode after death. When Dr. Singh was showed the body at the mortuary after its discovery he pretended to be unable to identify it as the body of his wife. The face had been disfigured from partinl putrefaction, but the font and honds were in goot condtion. He stated it was not his wife Dron a special gold fulting in the mouth he said he knew nothing a ort A little later, howevar, he admicted that a drass and shoos shown him were belongins to his vife, and when informed that they were found on the dead body he concluded and admitted that the clead body was that of Mrs. Singh.
Another serious bit of evidence against Dr. Singh was an unsigned letter sent to the police, in which the writer stated that Dr. Singh was innocent and that someone had been offered 300 dollars to kill Mrs. Singh. The Policet handwriting expert testified that tests of the writing showed the letter to be written by Dr. Singh himself!

Witnesses were produced to

TOR BMTER RESULTS AN ADVERTISEMEAT IN THE LOCAL
prove that Dr. Singh and his wife lived on bad torms and that he had plenned to get a divorce. But to have srounds for a case he had triel to hire-a man to swear that he hal caught Nirs. Singh in an act of adultery. The man had react of aciule thy.
Dr. Singh was the last person with rrhom Mrs. Singh was seen silva on April 6th. Between that time and April 8th when the body was found Dr. Singh had told som persons that his wife had walked out on him, and in reporting the matter to the police said she had lef home on the night of April Gth without telling him whore sho was going. But a serwhare sho was going. But a ser-
vant of the home testified that Dr. Singh and his wife had left together in their car about 8:30 that nicht and the car had returned about 11:00 o'clock, but he did not me Mrs. Singh in it when it retwmed. The prosecution suggests that there was plenty of time batween Dr. Singh's departure from the house and his return to put Mrs. Singh in the condition in which she was found.
